

Tennessee Technology Center at Elizabethton

John Harrison, a dislocated worker from Carter County, is launching a new career in HVAC/Refrigeration thanks to the training he received at the Tennessee Technology Center at Elizabethton. The program prepares students for various entry-level jobs within the HVAC/Refrigeration field.

The following awards are available:

Certificate Awards

- HVAC Installer and Service Helper (4 months)
- Domestic Unit Repairer (8 months)
- EPA Certification (8 months)

Diploma Awards

- HVAC Technician (12 months)
- Refrigeration Technician (12 months)
- HVAC/Refrigeration Technician (16 months)
- Commercial Refrigeration/Air Conditioning Technician (20 months)

The Tennessee Technology Center at Elizabethton is a Certified EPA Testing Center. HVAC/Refrigeration classes meet at the Herman Robinson Campus, 1500 Arney Street, Elizabethton, Tennessee.

To learn more about the program, contact the instructor, Scott Simerly, (423) 547-2590, Ext. 406.

John Harrison
